

Voice Dream for iOS Users

In this tutorial we are going to show you how to get started with voice dream reader on iOS devices.

First Purchase and Download the Voice Dream App from the Apple Store. The price is \$14.99

Next open your web browser and login to my.Heartland.edu

Go to the Email tab and open myMail and login if needed.

Open the email from Disability Support Services that contains a link to your textbook PDF files on Google Drive and click on the link.

Click on the PDF file, then click the download icon (the arrow pointing down). This will open the file in a PDF in a new tab.

Click the More button, and then Import with Voice Dream.

The document will load in the App and Voice Dream. This may take a few minutes and you may need to exit Voice Dream and re-open it to see the file.

On older versions of iOS the process of importing the pdf to Voice Dream from Google Drive may be a bit different.

Once you have your file imported to Voice Dream hit play and Voice Dream will begin reading your document. Thanks for watching!
