Electrician Apprentice Program

Associate in Applied Science
66 Semester Hours

HEARTLAND
COMMUNITY COLLEGE

Program Description

This degree program is available only to students who have been admitted to the Bloomington-Normal Joint Apprenticeship Training Committee Program. For additional information concerning the Electrician Apprenticeship program, students should contact the IBEW JATC office at 309-829-9819.

The Electrician Associate in Applied Science degree program was established for the purpose of providing increased educational opportunities for electrician apprentices working towards their journeyman certification. The Associate of Applied Science degree program will add additional coursework in general education to help expand his/her journeyperson education and training and the education component of the degree. He or she will also earn the Associate of Applied Science degree from Heartland Community College.
